WorkshopData™
Truck

HaynesPro WorkshopData™ *Truck*

MODULES / SUBJECTS

Tech

- Identification data
- Repair manuals
- Maintenance
- Repair times
- Adjustment data
- Technical drawings
- Lubricants and fluids
- Truck and trailer configurator
- Recalls

Electronics

- VESA™ MK II (Guided diagnostics)
- Comfort wiring diagrams (LCV's only)
- Fuses and relays

Smart

- Verified fixes & tips (SmartCASE™)
- Recalls
- Technical Service Bulletins (SmartFIX™)

20190212 Grp.1

WorkshopData™ 'TruckSET' = (WorkshopData™ Smart + Electronics + Tech)

Clearly better data.

MODULES / SUBJECTS / FEATURES

Tech

SUBJECTS	FEATURES
Identification data	• VIN and identification plate locations • VIN decoder
Maintenance	• Maintenance schedules (OEM-based) • Smart links to relevant data • Printable work sheets and cost estimates • Service indicator reset • Service times • Additional tasks • Overview of all important wear part intervals • Links to generic parts
Adjustment data	• Emission data • Wear limits • Wheel alignment settings • Torque settings • Capacities
Lubricants and fluids	• Qualities and viscosities
Recalls	• Safety related recall actions issued by OEM
Repair manuals	• (Semi-)automatic transmission level and drain / refill • Tyre pressure monitoring system (TPMS) • Clutch: removal/installation • Valve clearances • Injector: removal/installation • Cylinder head: removal/installation • Turbocharger: removal/installation
Repair times	• Overlap technology • Specific and generic times • Follow-up work • Links to generic parts
Technical drawings	• Torque settings • Links to generic parts
Truck and trailer configurator	• Create your own truck / trailer configuration from scratch • Save truck and / or trailer configurations

Electronics

SUBJECTS	FEATURES
Fuses and relays	• Fuse and relay box locations • Fuse and relay overview
VESA™ MK II (Guided diagnostics)	• Wiring diagrams for engine management, ABS/ESP and ECAS (electronically controlled air suspension) • Component locations and information • Fault codes (manufacturer's and EOBD) • Diagnostic wizard • Ground point locations • Fault code link to Smart module
Comfort wiring diagrams	• Wiring diagrams covering e.g. central locking, power windows, airbags, exterior lights, starting/charging, instrument cluster, parking assistance, horns and wash/wipe systems • Pan and zoom functionality • Link to component locations

Smart

SUBJECTS	FEATURES
Technical Service Bulletins (SmartFIX™)	• Technical Service Bulletins • Link to fault codes and related cases
Verified fixes & tips (SmartCASE™)	• Verified fixes and tips • Link to fault codes and related cases
Recalls	• Safety related recall actions issued by OEM
