Tech

SUBJECTS	FEATURES
Identification data	<ul style="list-style-type: none"> • VIN and identification plate locations • VIN decoder • Equipment codes
Maintenance	<ul style="list-style-type: none"> • Jacking points • Maintenance schedules (OEM-based) • Printable work sheets • Smart links to relevant data • Links to generic parts • Follow-up tasks • Additional tasks • Service times • Service indicator reset • Procedures for Electronic and Hybrid vehicles • Tyre pressure monitoring system • Overview of all important wear part intervals
Adjustment data	<ul style="list-style-type: none"> • Ancillary drive belt layout • Wheel alignment settings • Emission data • Tyre sizes and pressures • Torque settings • Air-conditioning service connectors • Capacities • Battery location • Dust and Pollen filter location
Lubricants and fluids	<ul style="list-style-type: none"> • Qualities and viscosities • Gearbox plug locations

Tech

SUBJECTS	FEATURES
Recalls	<ul style="list-style-type: none"> • Safety related recall actions issued by OEM
Repair manuals	<ul style="list-style-type: none"> • Timing belt; removal/installation • Timing chain; removal/installation • Ancillary drive belt; removal/installation • Clutch; removal/installation • Manual transmission; removal/installation • Cooling system; drain/refill • Engine assembly; removal/installation • Battery; procedures for disconnection/reconnection • (Semi-) automatic transmission fluid level check and drain / refill • Turbocharger; removal/installation • Self-levelling suspension; jacking up mode • Electronic parking brake (EPB) procedures • ADAS calibration • Telematics emergency backup battery renewal • Door trim; removal/installation • ... and many more!
Repair times	<ul style="list-style-type: none"> • Overlap technology • Specific and generic times • Follow-up work • Links to generic parts • OE Reference codes
Technical drawings	<ul style="list-style-type: none"> • Torque settings • Links to generic parts

Clearly better data.
